

Letter of Support, Joanie See

To Whom It May Concern:

I am writing to you on behalf of Joanie See. I write this evaluation not only based on Joanie's tremendous performance as one of my students, but also her important service to the Art Department and her work as an artist and graphic designer since her graduation from Shippensburg University.

Joanie is a fine young woman whose abilities are obvious to all that have the opportunity to work with her. As well as being a mature and talented individual, she is an intelligent and personable person. When one talks to Joanie, it becomes clear that she is very dedicated to her objectives regarding a future in the Art and Design world. Joanie has very sound ideas about what she wants to accomplish and how to get it done. Although she has a strong personal vision, she always responds well to suggestion and works well with others. She has always offered valuable comments and insight during discussions and her suggestions are always accurate. Her thoughtful demeanor and intellect constantly produce powerful and eloquent artwork.

Joanie was one of the most talented and dedicated students that I have had the pleasure of working with in my twenty years as an educator. (This includes my years as a Professor at institutions such as The University of Connecticut and Amherst College). As my student, she constantly created works of the highest caliber. I also had the good fortune to work with Joanie on an independent study. The series of works she created demonstrated to the students and faculty alike the level of maturity possible in the context of one's undergraduate years.

A person of her character and abilities (talented, bright and organized) would prove a valuable asset to your program. I can give her my highest recommendation without hesitation!

I would be happy to enlarge upon my remarks by phone if needed at (717)-477-1390 .

Sincerely,

Steven Dolbin
