Dear Ms. See:

On behalf of the Board of Directors of The PROGRAM and myself, I extend my thanks to you for all the work you did developing The PROGRAM’s new website, theprograminc.org.

Many hours were spent by both you and The PROGRAM staff working together in person and via emails. You extended the highest professional courtesy through all our requests for the information to be included on the website as well as any changes we requested. In addition, I appreciate your suggestions in relation to how information should be set up as well as developing PDF files to assist visitors to the website who may want to print out specific information. I feel as a result of your close contact with The PROGRAM staff, you have designed a website that truly reflects The PROGRAM and its mission.

I also want to express my thanks for your training session with my CFO, and for developing the user friendly training manual.

**Sincerely,
The PROGRAM**
